COUNCILLOR, DON VALLEY EAST, WARD 34

April 23, 2010

Dear Simone,

Re: **Ward 34 Survey on Cadillac Fairview Settlement Offer**

As per your request, I am including some background information on the Cadillac Fairview Settlement Offer Survey which was conducted by my office.

On February 19, 2010, my office distributed approximately 1800 surveys in the area bordered by Don Mills Rd., the CPR, Don Valley Parkway, and the CNR. Unlike other surveys which only focused on certain aspects of the Cadillac Fairview settlements, we ensured our survey provided residents with a more balanced representation of the issues.

Due to the strict timeline, residents were given 4 days to respond and inform me whether they were in support or against the Cadillac Fairview Settlement Offer. Between February 19 and end of business day Monday, February 21<sup>st</sup>, my office received a total of 110 e-mails and phone calls from residents who received the survey. Out of those responses, 76 residents were opposed to the Settlement offer and 34 were in favour. I presented the results of this survey during the February 23, 2010 Council Meeting.

For your interest, I have attached a copy of the survey.

Please let me know if you require any additional information.

Sincerely,

Denzil Minnan-Wong  
Councillor, Ward 34
